## DEALERS IN PEAFOWL

Prepared in the Section of Food Habits  
Division of Wildlife Research

This list of dealers in peafowl is prepared for the information of correspondents. Inclusion of names implies no endorsement as to quality or price. Names of dealers will be added to the list upon notification to the Biological Survey that they are prepared to deliver the items concerned.

The names of dealers are arranged alphabetically by State, and unless otherwise indicated they raise their own birds. Those preceded by one star (\*) also act as jobbers; those preceded by two stars (\*\*) act only as jobbers and importers. A cross (X) opposite the entry indicates the type of peafowl handled--the letters at the top of the columns being explained as follows:

A--Common, blue, or Indian peafowl.

B--White peafowl.

C--Black-winged, black-shouldered,  
or japanned peafowl.

D---Green, Javan, Burmese, or  
spicer peafowl.

E--Pied or variegated peafowl.
